

Spring 2015 Course Offering:

**EGN 1935: *ECE Adventures***, 2 credits, section 3864.

Everyone meets biweekly, Tuesday: Periods 8-9, and has a biweekly lab section as scheduled). (Biweekly = every two weeks) (**NO** lab fees)

**Pictures are all UF Robots**

*ECE Adventures* is intended for freshmen and sophomores in their first year at UF. If you are unsure of your major or would like to learn about potential experiences of an Electrical and/or Computer Engineering (ECE) student, this course is for you! In EGN 1935 you'll learn about robots and experiment with sensors and actuators. This process will help you discover many basic ECE concepts. Grades are based on attendance and class participation. No exams.
