BabyMac

Final Presentation

Melissa Belleme  Katey Pickard
Accomplishments to Date

• Melissa: LCD, Touchscreen, Power Board, PCB & Enclosure Assembly

• Katey: Text-to-Speech Board, USB functionality, Visual Basic GUI code, Game Design & Code

• Result: Functional, visually pleasing product (with a few software bugs)
Future Possibilities for BabyMac

• Removal of “OK to Continue” window
• Add more questions/images (need to switch to a different uP for more memory)
• Add songs using Tone Generator
• Personalized interaction (by entering name in VB app)
